About CANDLES and Eva Kor

By providing trip participants with an immersive experience in the historical setting of Auschwitz, we hope to foster powerful breakthroughs in awareness of our respective roles in creating a world based on hope, healing, respect, and responsibility. We want to help our trip participants become witnesses to history, so they can make the world a brighter place. We welcome participants from all walks of life to join us on this once-in-a-lifetime trip.

About CANDLES Holocaust Museum and Education Center:
CANDLES is a 501(3)(c) non-profit organization that was founded in 1995 by Holocaust survivor Eva Mozes Kor in honor of her twin sister, Miriam. Our mission is to shine a light on the story of the Holocaust and Eva Kor to illuminate the world with hope, healing, respect, and responsibility.

Founded originally as CANDLES, Inc., an organization dedicated to finding surviving Mengele twins around the world, CANDLES has grown into a world-wide movement dedicated to engaging all people in our mission, fostering conversations about important local and global topics, and preserving survivor testimony for future generations.

You can connect with CANDLES online at www.candlesholocaustmuseum.org or on Facebook, Twitter, and Instagram - @candlesmuseum.

About Eva Kor:
Recipient of the 2017 Sachem award, the highest honor in the state of Indiana, Eva Mozes Kor is a survivor of the Holocaust, a forgiveness advocate, and a revered public speaker. With the driving message of "never give up" in mind, Eva has emerged through a life filled with trauma as a brilliant example of the power of the human spirit to overcome. She is a community leader, a champion of human rights, and tireless educator of young people. Even in her eighties, Eva has been traveling across the United States and Europe to share her message, in addition to leading hundreds of people on a journey to Auschwitz each year. Eva is one of the few surviving twins still sharing her personal account of the medical experiments supervised by Nazi doctor Josef Mengele at Auschwitz.

In addition to the importance of her account of the Holocaust from a historical perspective, Eva's life lessons and message of survival and forgiveness touch the lives of millions of people. In 1995, Eva chose to forgive the Nazis. She decided that they would no longer have power over her life. She describes the act of forgiving the Nazis as one of self-healing, self-liberation, and self-empowerment; forgiveness is not about the perpetrator, not about forgetting. It is one step toward repairing the world by helping victims free themselves from perpetrators and remove anger and hatred.

Eva is one of thirteen survivors featured in New Dimensions in Testimony, a new interactive technology created by USC Shoah Foundation to preserve survivor testimonies and continue the dialogue between Holocaust survivors and learners far into the future. Her story is documented in the award-winning film *Forgiving Dr. Mengele* and the popular young adult book *Surviving the Angel of Death: The True Story of a Mengele Twin in Auschwitz*. Her story of forgiveness is also recounted in the German book *Die Macht Des Vergebens* (*The Power of Forgiveness*). In April 2018, Eva's story premiered as the subject of a feature-length documentary, *Eva A-7063*.

In 1995, Eva opened CANDLES Holocaust Museum and Education Center in Terre Haute, IN. The only Holocaust museum in Indiana, CANDLES is also the only organization in the world dedicated to the memory of the twin victims and survivors of medical experimentation at Auschwitz. Thousands of people, including many school groups, have visited CANDLES since it opened. Eva's account of her survival of the Holocaust offers many relevant lessons on the dangers of hate speech and prejudice, and the importance of being an informed citizen. Eva's message of healing reaches across the globe and across social, economic, and cultural boundaries.

You can connect with Eva Kor on Facebook, Twitter, and Instagram - @EvaMozesKor.

Tour Pacing Guide

Please read carefully before registering for the CANDLES Auschwitz trip.

The CANDLES staff welcomes people of all abilities and will do everything within our power to accommodate any need. However, due to differences in accessibilty and standards outside of the United States, there are limitationas as to what we are able to provide and accommodate. We are happy to provide more detail to help you determine your ability to participate in each part of the trip.

Please read the following carefully so you are fully informed about the physical expectations of this trip:

Walking/Terrain:

- This tour is considered an "on-the-go" pace, which means there will be a considerable amount of walking every day of the trip. **We average 18,000-20,000 steps (6-8 miles) per day**. Please consider this when choosing shoes.
- The city walking terrain consists of cobblestones/marble surfaces that can be uneven at times and slick when wet.
- The walking terrain in Auschwitz is mainly gravel/dirt or larger stones and can be rough and uneven at times.

Whole-Day Tours:

- A typical day begins with a 6:00/6:30am wake up call and an evening return time of 6:00/6:30pm (not including evening meals and presentations that take place after the evening return time).
- The schedule for the entire trip is rigorous, with little rest/recovery time between days. Please consider this when registering for the trip.

Accessibility:

- Unlike the United States, Poland does not require their public locations to be ADA compliant. There are most likely curbs, areas with restricted or no automobile access, and stairs as the only access to upper-floor locations and lower floor/basement bathrooms. There is an elevator in the hotel.

Tours:

- Both the Krakow city tour and Jewish Quarter tour are two-hour walking tours.
- The historic salt mine tour is also two hours in length. Access to the mine is via one of their historic mine elevators. Most walking surfaces in the mine are smooth, and the regular tour has steps that descend to each level of the mine. ***A handicap version of the salt mine tour is available and must be reserved ASAP. Availability is not guaranteed. Those who would like this tour must have proof of need.***
- We will spend three full days touring the Auschwitz camps. Although there are sporadic locations where one can sit to rest, there are **no** regularly spaced benches on the premises.

While we do not wish to discourage participation in any way, we want you to have a realistic expectation of the physical demands of this trip. Please feel free to contact us with questions you may have about tour pace, accessibility, or accommodations.

ADA Accommodations for Trip

Transportation:
For guests traveling with us who are in need of ADA accommodations and are unable to independently board a motor coach due to a dependency on a wheelchair or walker, transportation with the group, via motor coach, is not guaranteed. In a situation where the group motor coach is not accessible due to participant's dependability on a wheelchair/walker for mobility, alternative transportation options can be discussed with CANDLES staff.

Hotels:
European hotel accommodations which are ADA compliant are extremely limited and are not guaranteed. We will make every possible effort to make reservations at properties that are ADA compliant, but our doing so is entirely dependent on hotel availability.

The bathtub/shower combination in European bathrooms is very tall, and in most cases, there are not "grab bars" for stability when entering/exiting. ***There are a very limited number of handicapped rooms or shower-only rooms available, so if you require one of these rooms, please request immediately. Availability is not guaranteed.***

Mobility/General Assistance:
While CANDLES staff will certainly help as time and situation allow, registrants who require an enhanced level of assistance with mobility and/or everyday tasks are required to travel with a companion/caregiver. Staff will not be available nor provided for this level of daily assistance.

Locational Accessibility:
Please note that many European sites are not ADA compliant, including many buildings and structures on our tours, including the Auschwitz Memorial Museum. Walking paths at Auschwitz are often uneven and covered in large gravel/stones or grass and are difficult to manage if you are restricted to a wheelchair or walker.

A handicapped accessible, abbreviated tour of the Wieliczka Salt Mines is available but will only be booked as needed. If there is a request in this regard, advance notice and proof of need are required. A reservation for the abbreviated tour must be made in advance of arrival.

Those who have knee/hip/back issues may benefit from bringing a device to assist with walking and stability.
