About CANDLES and Eva Kor

By providing trip participants with an immersive experience in the historical setting of Auschwitz, we hope to foster powerful breakthroughs in awareness of our respective roles in creating a world based on hope, healing, respect, and responsibility. We want to help our trip participants become witnesses to history, so they can make the world a brighter place. We welcome participants from all walks of life to join us on this once-in-a-lifetime trip.

About CANDLES Holocaust Museum and Education Center:
CANDLES is a 501(3)(c) non-profit organization that was founded in 1995 by Holocaust survivor Eva Mozes Kor in honor of her twin sister, Miriam. Our mission is to shine a light on the story of the Holocaust and Eva Kor to illuminate the world with hope, healing, respect, and responsibility.

Founded originally as CANDLES, Inc., an organization dedicated to finding surviving Mengele twins around the world, CANDLES has grown into a world-wide movement dedicated to engaging all people in our mission, fostering conversations about important local and global topics, and preserving survivor testimony for future generations.

You can connect with CANDLES online at www.candlesholocaustmuseum.org or on Facebook, Twitter, and Instagram - @candlesmuseum.

About Eva Kor:
Eva Mozes Kor passed away at age 85 on July 4th, 2019. Recipient of the 2017 Sachem award, the highest honor in the state of Indiana, Eva was a survivor of the Holocaust, a forgiveness advocate, and a revered public speaker. With the driving message of "never give up" in mind, Eva emerged through a life filled with trauma as a brilliant example of the power of the human spirit to overcome. She was a community leader, a champion of human rights, and tireless educator of young people. Even in her eighties, Eva traveled across the United States and Europe to share her message, in addition to leading hundreds of people on a journey to Auschwitz each year. Eva was one of the few surviving twins who shared her personal account of the medical experiments supervised by Nazi doctor Josef Mengele at Auschwitz.

In addition to the importance of her account of the Holocaust from a historical perspective, Eva's life lessons and message of survival and forgiveness have touched the lives of thousands of people. In 1995, Eva chose to forgive the Nazis. She decided that they would no longer have power over her life. She described forgiving the Nazis as an act of self-healing, self-liberation, and self-empowerment; forgiveness is not about the perpetrator, and it is not about forgetting. It is one step toward repairing the world by helping victims free themselves from perpetrators and remove anger and hatred.

Eva is one of thirteen survivors featured in Dimensions in Testimony™, a new interactive technology created by USC Shoah Foundation to preserve survivor testimonies and continue the dialogue between Holocaust survivors and learners far into the future. Her story is documented in the award-winning film *Forgiving Dr. Mengele* and the popular young adult book *Surviving the Angel of Death: The True Story of a Mengele Twin in Auschwitz*. Her story of forgiveness is also recounted in the German book *Die Macht Des Vergebens* (*The Power of Forgiveness*). In April 2018, Eva's story premiered as the subject of a feature-length documentary, *Eva A-7063*.

In 1995, Eva opened CANDLES Holocaust Museum and Education Center in Terre Haute, IN. The only Holocaust museum in Indiana, CANDLES is also the only organization in the world dedicated to the memory of the twin victims and survivors of medical experimentation at Auschwitz. Thousands of people, including many school groups, have visited CANDLES since it opened. Eva's account of her survival of the Holocaust offers many relevant lessons on the dangers of hate speech and prejudice, and the importance of being an informed citizen. Eva's message of healing reaches across the globe and across social, economic, and cultural boundaries.

Tour Pacing Guide

Please read carefully before registering for the CANDLES Auschwitz trip.

The CANDLES staff welcomes people of all abilities and will do everything within our power to accommodate any need. However, due to differences in accessibility and standards outside of the United States, there are limitations as to what we are able to provide and accommodate. We are happy to provide more detail to help you determine your ability to participate in each part of the trip.

Please read the following carefully so you are fully informed about the physical expectations of this trip:

Walking/Terrain:

- This tour is considered an "on-the-go" pace, which means there will be a considerable amount of walking every day of the trip. **We average 18,000-20,000 steps (6-8 miles) per day**. Please consider this when choosing shoes.
- The city walking terrain consists of cobblestones/marble surfaces that can be uneven at times and slick when wet.
- The walking terrain in Auschwitz is mainly gravel/dirt or larger stones and can be rough and uneven at times.

Whole-Day Tours:

- A typical day begins with a 6:00/6:30am wake up call and an evening return time of 6:00/6:30pm (not including evening meals and presentations that take place after the evening return time).
- The schedule for the entire trip is rigorous, with little rest/recovery time between days. Please consider this when registering for the trip.

Accessibility:

- Unlike the United States, Poland does not require their public locations to be ADA compliant. There are most likely curbs, areas with restricted or no automobile access, and stairs as the only access to upper-floor locations and lower floor/basement bathrooms. There is an elevator in the hotel.
- Participants must be able to board and exit the tour bus independently.
- Most buildings in Auschwitz I require travelers to navigate large steps and are not wheelchair accessible.

Tours:

- Both the Krakow city tour and Jewish Quarter tour are two-hour walking tours on uneven cobblestone streets.
- The historic salt mine tour is also two hours in length. Access to the mine is via one of their historic mine elevators. Most walking surfaces in the mine are smooth, and the regular tour has steps that descend to each level of the mine. ***A handicap version of the salt mine tour is available and must be reserved ASAP. Availability is not guaranteed. Those who would like this tour must have proof of need.***
- We will spend two full days touring the Auschwitz camps. There are only sporadic locations where one can sit to rest (other than on the ground), and there are **no** regularly spaced benches or paved walking surfaces.
- Auschwitz-Birkenau is a large area with few trees for shade. Be prepared to walk in full sun, rain, or snow, depending on the season in which you are visiting.
- There are no water fountains at Auschwitz I or Auschwitz-Birkenau. Water must be carried.

While we do not wish to discourage participation in any way, we want you to have a realistic expectation of the physical demands of this trip. Please feel free to contact us with questions you may have about tour pace, accessibility, or accommodations. These physical demands are why a release form from your doctor might be necessary.

ADA Accomodations for Trip

Transportation:
For guests traveling with us who are in need of ADA accommodations and are unable to independently board a motor coach due to a dependency on a wheelchair or walker, transportation with the group, via motor coach, is not guaranteed. In a situation where the group motor coach is not accessible due to participant's dependability on a wheelchair/walker for mobility, alternative transportation options can be discussed with CANDLES staff.

Hotels:
European hotel accommodations which are ADA compliant are extremely limited and are not guaranteed. We will make every possible effort to make reservations at properties that are ADA compliant, but our doing so is entirely dependent on hotel availability.

The bathtub/shower combination in European bathrooms is very tall, and in most cases, there are not "grab bars" for stability when entering/exiting. ***There are a very limited number of handicapped rooms or shower-only rooms available, so if you require one of these rooms, please request immediately. Availability is not guaranteed.***

Mobility/General Assistance:
While CANDLES staff will certainly help as time and situation allow, registrants who require an enhanced level of assistance with mobility and/or everyday tasks are required to travel with a companion/caregiver. Staff will not be available nor provided for this level of daily assistance.

Locational Accessibility:
Please note that many European sites are not ADA compliant, including many buildings and structures on our tours, as well as the Auschwitz Memorial Museum. Walking paths at Auschwitz are often uneven and covered in large gravel/stones or grass and are difficult to manage if you are restricted to a wheelchair or walker.

A handicapped accessible, abbreviated tour of the Wieliczka Salt Mines is available but will only be booked as needed. If there is a request in this regard, advance notice and proof of need are required. A reservation for the abbreviated tour must be made in advance of arrival.

Those who have knee/hip/back issues may benefit from bringing a device to assist with walking and stability.

Trip Insurance Terms

Optional Trip Insurance:

- Trip insurance is highly recommended for your own protection and will not be provided unless you select the option for your age group.
- Trip insurance does not cover situations of political unrest or your cancellation due to unease with travel warnings.
- Insurance premium is due in full in addition to the $600 deposit at time of registration.
- If you choose to decline optional insurance coverage and experience any medical situation or situation that would have otherwise been covered by the insurance, these expenses will be your responsibility to pay out-of-pocket and are not eligible for reimbursement.
- If you add additional items to your trip package that increase your total cost to more than $4,000 (i.e. a single room supplement), then your overall trip value may move up to the next cost tier, which will be an additional cost.
- Rate schedules and description of coverages for those living in New York, Kansas, Montana, Washington State, or Maryland can be found on the CANDLES website (in the trips section).
- Group travel insurance is not available to those living in Pennsylvania, but you may purchase an individual policy outside the group. Please contact CANDLES for assistance if interested.

"Complete" Trip Package Insurance:

- Prices quoted within the Summary of Services are intended for those purchasing a "complete" trip package who ***do not*** reside in New York, Montana, Kansas, Washington State, Pennsylvania, or Maryland, and whose trip package ***does not exceed*** the maximum insured value of $4,000.

"Land" Trip Package Insurance:

- Those purchasing the "land" trip package should add the "Land" Trip Package cost to their independent airline accommodations cost in order to secure the appropriate rate within your age group for the total cost of the trip.
- If the total of your air accommodations + the "land" trip package is more than $4,000, then you will move up to the next cost tier in your age bracket, which will result in additional cost.

In the event of trip cancellation, CANDLES Holocaust Museum does not in any way guarantee that your reason for cancellation will automatically be covered by trip insurance. Travel Guard, Inc. is an organization independent from CANDLES. You should always direct questions regarding specifics of coverage or its limitations to them.

For questions, concerns, or more information, please contact CANDLES at 812.234.7881 or email trips@candlesholocaustmuseum.org. More information can also be found at www.candlesholocaustmuseum.org.
