"Who Said It Would Be Easy?" The Congresswoman Who Brought Nazis to Justice

MONDAY, JANUARY 27, 6:30 - 8:00 PM

Watch the live-stream at CANDLES Holocaust Museum | 1532 South Third Street, Terre Haute, IN 47802

When **Elizabeth Holtzman** became the youngest woman in American history elected to Congress, she hadn't spent much time thinking about Nazi war criminals. But when a whistleblower revealed perpetrators living in the United States - and that the federal government had full knowledge of their crimes - the junior Congresswoman used the power of her office to serve justice. Join us as Congresswoman Holtzman shares how her landmark legislation led to the investigation and deportation of dozens of Nazi war criminals.

Free and open to the public. A candle light vigil will be held after the presentation.

Join us 1 hour before the presentation to announce the winners of the CANDLES #75yearsofstories art contest.
