

Tour Pacing Guide

Please read carefully before registering for the CANDLES Romanian Heritage trip.

The CANDLES staff welcomes people of all abilities and will do everything within our power to accommodate any need. However, due to differences in accessibility and standards outside of the United States, there are limitations as to what we are able to provide and accommodate. We are happy to provide more detail to help you determine your ability to participate in each part of the trip.

Please read the following carefully so you are fully informed about the physical expectations of this trip:

Walking/Terrain:

- This tour is considered an “on-the-go” pace, which means there will be a considerable amount of walking every day of the trip. Please consider this when choosing shoes.
- The city walking terrain consists of cobblestones or marble surfaces that can be uneven at times and slick when wet.

Whole-Day Tours:

- A typical day begins with a 6:00/6:30am wake up call and an evening return time of 7:00/7:30pm (not including evening meals that take place after the evening return time).

Accessibility:

- Unlike the United States, Romania and Hungary do not require their public locations to be ADA compliant. There are most likely curbs, areas with restricted or no automobile access, and stairs as the only access to upper-floor locations and lower floor/basement bathrooms. There is an elevator in the hotel.
- The bathtub/shower combination in European bathrooms is very tall, and in most cases, there are not “grab bars” for stability when entering/exiting. **There are a very limited number of handicapped rooms or shower-only rooms available, so if you require one of these rooms, please request immediately. Availability is not guaranteed.*

Tours:

- Both the Cluj and Budapest cities are largely walking tours with some steps.
- Elevators are available in the Great Synagogue in Budapest.

We do not wish to discourage participation in any way, so please feel free to contact us with questions you may have about tour pace, accessibility, or accommodations.
